

At Ladd's Real Estate and Garrett Homes, we have been creating timeless communities since 1904 and building beautiful, high quality homes since the mid 1960's. We look forward to continuing this tradition for many, many years to come.

As always, we are committed to keeping our clients and community safe, happy, and healthy. While we are pleased to resume construction and real estate activities as of May 7th, we will follow these safety practices to better protect the health of everyone involved:

- All model home tours will be held by "appointment only" with a 4 person maximum in the home, including our sales representative.
- Face masks and gloves will be required and provided if needed.
- 6' social distancing will be maintained.
- Our model home will be cleaned and sanitized routinely, and sales representatives will conduct supplemental cleanings after each appointment.
- We will turn on all lights and open all interior doors in our model home.
- We ask that our visitors refrain from touching all model home surfaces, including doors, cabinets, counters, light switches, and furniture, if at all possible.
- Our sales representative will not schedule appointments if she is exhibiting any cold or flu symptoms or has a family member that may be feeling ill.
- We ask that our clients do the same, and please cancel an appointment if any member of the group and/or their family members at home are feeling sick. We will certainly reschedule.

If you prefer to visit our communities from the comfort of your home, we can help! First, visit our website to view available communities, floor plans and home features. Then call us at 248-828-0217. We can send you more detailed information about pricing and homesite availability, answer your questions, and walk you through the rest of the homebuying process over the phone and computer.

Thank you for your patience as we all navigate this difficult time. Despite the challenges, we will do our best to adjust as necessary and will continue to provide every consumer with a wonderful customer experience.

Looking forward to working with you to build your dream home!

Annette Cook and Susan Borowski
